ABOUT US

“

Brotex limited is a reliable garment suppliers in Bangladesh, providing range of services including access to our own manufacturing facilities or partner factories, design teams, product development, merchandising, quality control, on-time shipment, and compliance services.

We have a large network of manufacturing and in-house testing facilities with a high standard of fitting CAD room to ensure the highest standards of quality. Our competitive edge is optimization of the cost.

TOGETHER, WE ACHIEVE MORE...

We are working with customers in Europe, America, Asia. Our main products are woven outerwear, loungewear, knitwear, swimwear, activewear, accessories and homewear.

Brotex Limited is managed by highly qualified and experienced personnel. Skilled workers are employed for each operation. We believe the success comes from its practice of maintaining the standard of quality, time schedule and meeting the buyer's need

The background image shows a group of five men in a professional office environment. They are seated around a table, looking at a laptop screen together. The men are dressed in various styles of business attire, including suits and casual shirts. Behind them are shelves filled with binders and files, suggesting a busy, organized workspace.

OUR MISSION

Our mission is to set an industry benchmark for ethical business practices by providing a secure working environment. We achieve this by implementing cutting-edge, eco-friendly technologies through a highly trained and knowledgeable workforce, resulting in the utmost level of customer satisfaction. Our commitment to sustainable growth drives us to continuously innovate while maintaining operational efficiencies, ensuring a brighter future for both our company and the world we inhabit.

OUR VISION

Our vision is to become the leading destination for apparel sourcing, known for unmatched reliability and comprehensive solutions. Our vision is to streamline and accelerate the sourcing process, offering a wide range of premium products on a single platform. With unwavering dedication, we aim to provide businesses with a seamless fusion of convenience, effectiveness, and confidence, emerging as the essential sourcing hub for all their apparel needs.

VALUES

Ownership: We foster a culture of ownership, where each individual within our organization takes responsibility for their role and contributions. We believe in mutual respect and collaboration, recognizing that our success is a result of the collective effort of our team.

Excellence: We are committed to excellence in every aspect of our business. With an unwavering determination to succeed, we approach challenges with a growth mindset, constantly seeking improvement and delivering exceptional results to exceed expectations.

Social Responsibility: We deeply care about the well-being of future generations and our beloved country. Environmental stewardship is at the core of our practices, as we prioritize the implementation of green technologies and environmentally-friendly management strategies to minimize our ecological footprint.

Recognition and Reward: We value and appreciate the efforts of our employees. By acknowledging their hard work and achievements, we enhance their self-esteem and job satisfaction. This positive reinforcement fosters an improved attitude towards their work, driving excellence and creating a supportive work environment.
